Innovation, Passion and Quality Craftsmanship

Welcome to the beating heart of New Clip Design, founded with the bold vision and enthusiasm of young entrepreneurs Patrick and Jacopo.

We are a company dedicated to the creation and production of high quality metal labels, including tin, pewter, copper and aluminum embossing.

Our mission is to turn the ordinary into the extraordinary, offering soft and flexible materials even in coil form to meet the needs of every manufacturer.

"In a great spirit of cooperation, we are always at your side to study a product that aims for excellence."

"The main goal is to welcome all kinds of ideas and projects from our clients to make them a reality, this is New Clip Design where my team and I will always be by your side."

Custom Design for Unique Needs

Our labels are not only aesthetically stunning, they also stand the test of time. Made with high-quality materials and state-of-the-art technology, New Clip Design labels resist wear and tear and retain their beauty even under the most demanding conditions.

We offer custom design services to create labels that best reflect your brand. From modern minimalism to rich detail, our team of experts is here to turn your vision into reality.

Excellence in Metal, Copper, Pewter and Aluminum Labels

Express yourself with style and sophistication through our exclusive metal labels. Each piece is a work of art, available in different variations such as warm copper, elegant gold, sophisticated pewter and the lightness of aluminum.

Our labels are a design element that adds a touch of luxury and uniqueness to your products.

Special labels to add value to your products

Our metal tags are designed with care and precision to add a touch of elegance to your products. Each piece is made from high-quality materials to ensure a sophisticated and refined look. Thanks to our attention to detail, each label becomes a symbol of prestige and style, adding value to your creativity. Choose our exclusive metal labels to increase the perception of value of your brand.

Immerse yourself in the art of luxury and elegance with the new CLIP, the epitome of individuality in your sparkling moments.

You now have the extraordinary opportunity to personalize your sparkling wine, transforming it into an even more refined, refined and luxurious experience.

We have introduced the new CLIP, an icon of innovation in the world of sparkling wines, Champagne and sparkling wines. Its production is dedicated to the opening of metal cages, combining functionality and design with unparalleled precision.

Every detail is taken care of with the utmost attention, creating a harmonious fusion of form and function.
